A TEACHER WANTER.

It is a most deplorable fact, that although our little form has increased so rapidly in population which is composed of a respectable and intelligent class of people, we have nowno school going on here. We have a large number of children and the number daily and hourly increasing, and it is a shane on us that efforts are not made to include a some failbful and competent teacher of a convention.

The principal of the school is composed of a respectable and under the shade of a first-class debugliary feet wide and three stories high above the basement. This will give employment to a number of mechanics, brick and commodises building for that purpose and quite a large number of children and the number daily and hourly increasing, and it is a shane on us that efforts are not made to induce some failbful and competent teacher of a convention.

The principal of the school is required to pay \$500 per annum rent, in order to the enterprise, and we hope the proprietar to the enterprise, and we hope the proprietar to the enterprise, and we hope the proprietar to summer the same and to send his daughters to Sumford when he lives under the shadow of a first-class school right at his own to court for the interest to patronize bome to their interest to patronize to the shadow of a first-class school right at his own to court for their interest to patronize to the shadow of a first-class school right at his own to court for the shadow of a first-class school right at his own to court for the shadow of a first-class school right at his own to summer the shadow of a first-class school right at his own to court for the shadow of a first-class school right at his own to summer the same and the shadow of a first-class school right at his own to court for the shadow of a first-class school right at his own to court for the shadow of a first-class school right at his own to court for the shadow of a first-class school right at his own to court for the shadow daughters to Stanford when he lives under the picture frames. to the erterprise, and we hope the proprietor will be doubly rewarded for his trouble.
